Education

Bachelor of Science in Software Engineering

Brigham Young University Idaho

- GPA – 3.6

Jul 2026

Rexburg, ID

Work Experience

Aramark Services

Food Service Worker

Jan – Sep 2023-2024

Mesa, AZ

- Exceeded expectations by delivering personalized service to thousands of customers
- Reduced prep time, improving service speed during peak hours, after implementing a standardized workflow for food preparation to address inconsistent prep times that were causing delays
- Communicated effectively with managers and team members to streamline tasks

In Field Strategies

Canvasser

Jul 2022

Mesa, AZ

- Analyzed and collected election data, using real-time integrity from door to door
- Influenced 700+ potential voters per week by receiving more responses by individualizing the survey to convince them to take the survey
- Provided 1000+ data points, which resulted in the candidates winning

Projects

- Built a server-client application for secure file transfer and data management
- Designed a weather dashboard providing real-time data using OpenWeather API
- Developed a beginner-friendly guide on key data structures (Queues, Sets, Trees) in C#
- Created a gamified goal-setting app using Unity for enhanced motivation and user engagement
- Authored a Software Requirements Specification for clear communication with stakeholders
- Integrated Python with MySQL to enhance data interaction and improve UI experience

Awards

- Service-Learning Seal
- City of Mesa Mayor's Youth Committee

Volunteering

The Church of Jesus Christ of Latter-day Saints

Full-Time Volunteer Representative

Jul 2020 – Jun 2022

Washington, England

- Accumulated hundreds of hours of service activities
- Volunteered 12 hours each day every day and learned about leadership
